Kyle:

In response to your questions:

- MDE has completed Ag. Program Assessment questionnaire and will provide it this week: Sent 2-10-2015.
- MDE will provide EPA with the number of inspections at registered operations out of the 228 total reported for FY'14: 49
- MDE will provide EPA with its AFO Compliance and Enforcement SOP: attached

Any questions, please call.

Gary

Hi Gary,

Thanks for the call today. I appreciate the time you spent discussing the history and scope of MD's AFO/CAFO program. Here are my notes and some follow-up items:

- MDE has completed Ag. Program Assessment questionnaire and will provide it this week

- MDE will provide EPA with the number of inspections at registered operations out of the 228 total reported for FY'14
- MDE will provide EPA with its AFO Compliance and Enforcement SOP
- MDE is developing a strategy for horse facilities and will share with EPA in the future
- EPA is working with its counsel to provide MDE with an updated list of AFOs to support MDE's inspection prioritization and identification of unregistered sites in FY'15
- EPA will bring soft pretzels with regular yellow mustard to our next meeting with MDE's CAFO Team ;-)

I will be your EPA Contact for CAFOs moving forward and you can send any reports or responsive documents to me.

If you have any items/comments you'd like to add, let me know.

Sincerely,

Kyle
